Known History

The first know owner is Frans Meuwese who first registered the Flamingo in 1981 with registration GJP 245T. He moved to Durban in 1982 and re-registered the Flamingo to ND 87814. In 23 December 1983 David Hoal bought the car for R2,500.00. The Flamingo had a 1500 pre-cross flow motor. The dashboard was not original and had a Escort plastic instrument cluster. The rusted chassis has been replaced with a new one.
